

# Glass Vials

Your Complete Source for Glass Vials!

Over 50 Years in the  
Glass Vials Industry

For more than 50 Years, **Glass Vials** has been proudly serving a variety of industries throughout the U.S. and abroad. As the name suggests, our business is the manufacturing and distribution of glass vials. Our commitment to you is unrivaled! We will strive to exceed your expectations in all areas of our operations by providing quality, service and availability. We inventory a full line of shell and screw thread vials in both clear and amber, with continuing efforts to offer a wider range of colors to meet the needs of your specific application. Additionally, we carry a full line of closures in a wide variety of styles, capacities and materials that we can easily assemble and package in reinforced boxes or in bulk trays according to your needs.

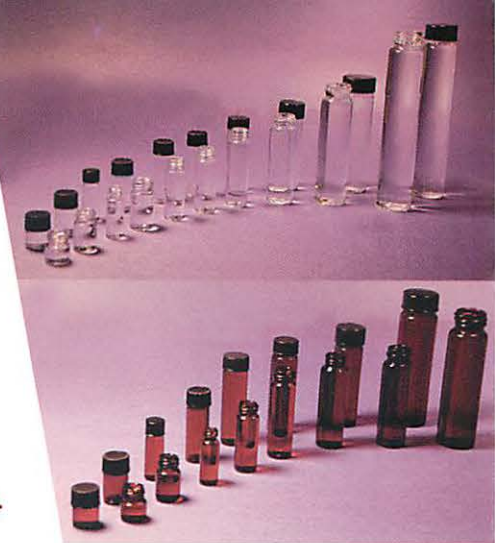

For more information or to place an order, contact us at:

**800-466-6910**

# Screw Thread Vials

Our screw thread vials are designed with a continuous thread "CT" finish, permitting a positive seal, ideal for a variety of uses including laboratory or manufacturer's use. These vials are available in a wide range of sizes in both clear (flint) or amber, and are packaged in attractive, reinforced cardboard boxes. All glass vials may be ordered without caps, caps attached or caps packed separately. Choose from our standard black polypropylene cap with a polyethylene foam liner, our highest quality, chemical resistant Teflon® liner or a black phenolic Polycone closure.

For our entire selection of closures and liners, please see our "Closures & Liners" section.

# Capsule Vials

Perfect for manual or automatic/machine filling, all capsule vials utilize a 24mm screw thread finish for uniformity of cap sizes and for ease of filling operation. The vials are available in a wide range of sizes in both clear (flint) or amber. These vials vary only in length and are all packaged in attractive, reinforced cardboard boxes.

We are able to customize any job to fit your needs including labeling, screen-printing, or specialized packaging!

# Patent Lip and Display Vials

Our patent lip and display vials are styled much like old medicine vials; they have a clean and simple design and are mainly used for homeopathic products, dry compounds and tablets. A heavy distribution around the neck assures extra strength for tight sealing. These vials accept cork, rubber and plastic stoppers.
